

Oil condensing boilers - Complete combustion complex

...Heating for the future

Oil Condensing complex		
Type	kW	Price
e-Line-20	23	P.O.A
e-Line-30	35	P.O.A
e-Line-40	47	P.O.A
e-Line-50	58	P.O.A
e-Line-60	70	P.O.A
e-Line-70	81	P.O.A

Efficiency
99.8%-101%

e-Line-oil

Fuel savings
up to 30%

The price includes:

Boiler - INOX 316-L Condenser - EN-I control Panel - Metallic covers - Insulation - Oil Burner - Circulator (Electronic) - Expansion Tank - Electrical Installation - Safety Valve 3 bar - Automatic Filling Unit - Discharge Hose - Automatic air exhaust - pre-heated air intake (Balanced flue) - Condensate drainage pipe

Oil condensing complex (Heating and Hot utility water)			
Type	kW	Price	Hot water production* (lit/h)
e-Line-Sanit-20	23	P.O.A	320
e-Line-Sanit-30	35	P.O.A	400
e-Line-Sanit-40	47	P.O.A	470
e-Line-Sanit-50	58	P.O.A	550
e-Line-Sanit-60	70	P.O.A	650
e-Line-Sanit-70	81	P.O.A	800

*For larger production of hot water, you may choose the e-Line-Aqua-Matic Unit with external water heater

50 °C
exhaust gases

The price includes:

Boiler with built-in copper heat exchanger for hot water production - INOX 316-L condenser - EN-I Control panel - Metallic covers - Insulation - Oil burner - Circulation pump (electronic) - Expansion tank - Electrical installation - 3 bar safety valve - Automatic filling unit - Automatic air vent - pre-heated air intake (balanced flue) - Condensate drainage duct

Optional Parts	
Description	Price
Condenser Hydraulic connection KIT	P.O.A
Ø80 INOX 316-L Chimney KIT	P.O.A
SMILE Honeywell control panel with weather control	P.O.A
Metallic oil tank 500 litres	P.O.A
Metallic oil tank 1.000 litres	P.O.A
Sanitary Water Heater 80 litres	P.O.A
Sanitary Water Heater 100 litres	P.O.A
Sanitary Water Heater 120 litres	P.O.A
Sanitary Water Heater 150 litres	P.O.A
Recirculation KIT with 3-way electric valve	P.O.A

e-Line combustion complex with cylindrical boiler (models 20-50)

e-Line combustion complex with horizontal flue gas tubes (models 60-70)

Control panel EN-1

EOGB oil burner		
Type	Power (kW)	Price
X-400	14-36	P.O.A
X-500	34-62	P.O.A
X-600	50-100	P.O.A

EOGB Burner, manufactured in Britain, with high back pressure, Ideal for condensing boilers

Burner Options

Bentone BF1 KA oil Burner

Riello RDB-2,2 oil burner
New model ...with RBL pump (for biodiesel)

EOGB Oil burner

Baltur BTL-6 oil burner

Grundfos Alpha2
Circulation pump
